

# ACCOUNTING

## Unit-I: Introduction to Accounting

Comprehensive Study Notes

# UNIT-I: INTRODUCTION TO ACCOUNTING

---

## 1.1 What is Accounting?

**Accounting** is the process of identifying, measuring, recording, classifying, summarizing, and communicating financial information to users for decision-making.

**Definition:**

- **American Institute of Certified Public Accountants (AICPA):** "Accounting is the art of recording, classifying, and summarizing in a significant manner and in terms of money, transactions and events which are, in part at least, of a financial character, and interpreting the results thereof."
- **American Accounting Association (AAA):** "Accounting is the process of identifying, measuring, and communicating economic information to permit informed judgments and decisions by users of the information."

## 1.2 Features of Accounting

| Feature                    | Description                                   |
|----------------------------|-----------------------------------------------|
| <b>Art and Science</b>     | Both systematic knowledge and practical skill |
| <b>Financial Character</b> | Deals only with financial transactions        |
| <b>Recording</b>           | Systematic recording of transactions          |
| <b>Classification</b>      | Grouping of similar transactions              |
| <b>Summarizing</b>         | Presenting in a summarized form               |
| <b>Interpretation</b>      | Analyzing and interpreting results            |
| <b>Communication</b>       | Communicating results to users                |
| <b>Decision-Making</b>     | Helps in decision-making                      |

## 1.3 Objectives of Accounting

**Primary Objectives:**

- Record Transactions
- Determine Financial Position
- Calculate Profit/Loss
- Provide Information

**Secondary Objectives:**

- Assist Management
- Detect Frauds
- Tax Compliance
- Legal Compliance
- Decision-Making
- Planning & Control

## 1.4 Users of Accounting Information

### Internal Users:

- Management
- Employees
- Owners

### External Users:

- Investors
- Creditors
- Government
- Customers
- Public

## 2. Accounting Principles (GAAP)

---

### 2.1 What are Accounting Principles?

**Accounting Principles** are the rules, guidelines, and conventions that govern accounting practices. They provide a framework for consistent and accurate financial reporting.

#### Definition:

- "Accounting principles are a body of doctrines commonly associated with the theory and procedures of accounting serving as an explanation of current practices and as a guide for the selection of conventions or procedures." — **American Institute of CPAs**

## 3. Fundamental Accounting Concepts

---

| Concept                | Description                      | Example                              |
|------------------------|----------------------------------|--------------------------------------|
| <b>Business Entity</b> | Business is separate from owners | Owner's personal assets not in books |

|                                          |                                           |                                    |
|------------------------------------------|-------------------------------------------|------------------------------------|
| <b>Money Measurement</b>                 | Only financial transactions are recorded  | Employee satisfaction not recorded |
| <b>Going Concern</b>                     | Business will continue indefinitely       | Assets valued at cost              |
| <b>Accounting Period</b>                 | Accounts are prepared periodically        | Annual or quarterly reports        |
| <b>Cost Concept</b>                      | Assets recorded at cost, not market value | Land recorded at purchase price    |
| <b>Dual Aspect</b>                       | Every transaction has two effects         | Debit = Credit                     |
| <b>Realization (Revenue Recognition)</b> | Revenue recognized when earned            | Not when cash is received          |
| <b>Matching</b>                          | Expenses matched with revenues            | Depreciation charged to period     |
| <b>Accrual</b>                           | Transactions recorded when incurred       | Outstanding expenses recorded      |

## 4. Accounting Conventions

| Convention             | Description                         | Example                       |
|------------------------|-------------------------------------|-------------------------------|
| <b>Consistency</b>     | Same methods used year after year   | Depreciation method unchanged |
| <b>Conservatism</b>    | Anticipate losses, ignore profits   | Provision for doubtful debts  |
| <b>Materiality</b>     | Material items disclosed separately | Major sale vs. minor expense  |
| <b>Full Disclosure</b> | All relevant information disclosed  | Notes to accounts             |

## 5. Double Entry System

### 5.1 What is Double Entry System?

**Double Entry System** is a system of accounting where every transaction has two aspects (debit and credit) that are recorded in the books of accounts.

**Definition:** "Double entry system is a system in which every transaction is recorded both in the debit and credit side of different accounts."

**Fundamental Rule:** For every debit, there is a corresponding credit.

### 5.2 Rules of Debit and Credit

| Account Type          | Debit                 | Credit                |
|-----------------------|-----------------------|-----------------------|
| <b>Assets</b>         | Increase in Asset     | Decrease in Asset     |
| <b>Liabilities</b>    | Decrease in Liability | Increase in Liability |
| <b>Capital</b>        | Decrease in Capital   | Increase in Capital   |
| <b>Revenue/Income</b> | Decrease in Revenue   | Increase in Revenue   |

|                 |                     |                     |
|-----------------|---------------------|---------------------|
| <b>Expenses</b> | Increase in Expense | Decrease in Expense |
|-----------------|---------------------|---------------------|

### 5.3 Accounting Equation

**Assets = Liabilities + Capital**

## 6. Journal

### 6.1 What is Journal?

**Journal** is the book of prime entry or first entry where all transactions are recorded in chronological order.

**Definition:** "Journal is a book of original entry where all transactions are recorded in the order of their occurrence."

### 6.2 Journal Format

| Date | Particulars | L.F. | Debit (₹) | Credit (₹) |
|------|-------------|------|-----------|------------|
|      |             |      |           |            |
|      |             |      |           |            |

### 6.3 Rules of Journalizing

| Transaction Type   | Account to Debit      | Account to Credit     |
|--------------------|-----------------------|-----------------------|
| <b>Assets</b>      | Increase in Asset     | Decrease in Asset     |
| <b>Liabilities</b> | Decrease in Liability | Increase in Liability |
| <b>Capital</b>     | Decrease in Capital   | Increase in Capital   |
| <b>Revenue</b>     | Decrease in Revenue   | Increase in Revenue   |
| <b>Expenses</b>    | Increase in Expense   | Decrease in Expense   |

### 6.4 Solved Examples

| Date | Particulars    | L.F. | Debit (₹) | Credit (₹) |
|------|----------------|------|-----------|------------|
|      | Cash A/c Dr.   |      | 1,00,000  |            |
|      | To Capital A/c |      |           | 1,00,000   |

*(Started business with cash ₹1,00,000)*

| Date                                      | Particulars       | L.F. | Debit (₹) | Credit (₹) |
|-------------------------------------------|-------------------|------|-----------|------------|
|                                           | Purchases A/c Dr. |      | 20,000    |            |
|                                           | To Cash A/c       |      |           | 20,000     |
| <i>(Purchased goods for cash ₹20,000)</i> |                   |      |           |            |

| Date                                 | Particulars  | L.F. | Debit (₹) | Credit (₹) |
|--------------------------------------|--------------|------|-----------|------------|
|                                      | Cash A/c Dr. |      | 15,000    |            |
|                                      | To Sales A/c |      |           | 15,000     |
| <i>(Sold goods for cash ₹15,000)</i> |              |      |           |            |

| Date                                                  | Particulars       | L.F. | Debit (₹) | Credit (₹) |
|-------------------------------------------------------|-------------------|------|-----------|------------|
|                                                       | Purchases A/c Dr. |      | 30,000    |            |
|                                                       | To Rahul A/c      |      |           | 30,000     |
| <i>(Purchased goods from Rahul on credit ₹30,000)</i> |                   |      |           |            |

| Date                           | Particulars      | L.F. | Debit (₹) | Credit (₹) |
|--------------------------------|------------------|------|-----------|------------|
|                                | Salaries A/c Dr. |      | 10,000    |            |
|                                | To Cash A/c      |      |           | 10,000     |
| <i>(Paid salaries ₹10,000)</i> |                  |      |           |            |

## 7. Ledger

---

### 7.1 What is Ledger?

**Ledger** is the book of final entry where all journal entries are posted to individual accounts.

**Definition:** "Ledger is a book which contains all the accounts of the business."

### 7.2 Types of Accounts

| Account Type             | Sub-types                                                   |
|--------------------------|-------------------------------------------------------------|
| <b>Personal Accounts</b> | Natural Persons, Artificial Persons, Representative Persons |
| <b>Real Accounts</b>     | Tangible Assets, Intangible Assets                          |
| <b>Nominal Accounts</b>  | Expenses & Losses, Income & Gains                           |

### 7.3 Golden Rules of Debit and Credit

| Account Type    | Debit             | Credit         |
|-----------------|-------------------|----------------|
| <b>Personal</b> | The Receiver      | The Giver      |
| <b>Real</b>     | What comes in     | What goes out  |
| <b>Nominal</b>  | Expenses & Losses | Income & Gains |

## 8. Cash Book

---

### 8.1 What is Cash Book?

**Cash Book** is a subsidiary book that records all cash receipts and payments, and also serves as a ledger account for cash.

### 8.2 Types of Cash Book

- **Simple Cash Book** (One column each)
- **Double Column Cash Book**
- **Triple Column Cash Book**
- **Petty Cash Book** (Small payments)

### 8.3 Simple Cash Book Format

| Date   | Particulars    | Receipts<br>(₹) | Date   | Particulars    | Payments<br>(₹) |
|--------|----------------|-----------------|--------|----------------|-----------------|
| Jan 1  | To Capital     | 50,000          | Jan 5  | By Purchases   | 20,000          |
| Jan 10 | To Sales       | 15,000          | Jan 20 | By Salaries    | 10,000          |
|        |                |                 | Jan 31 | By Balance c/d | 35,000          |
|        | <b>Total</b>   | <b>65,000</b>   |        | <b>Total</b>   | <b>65,000</b>   |
| Feb 1  | To Balance b/d | 35,000          |        |                |                 |

## 9. Subsidiary Books

---

### 9.1 What are Subsidiary Books?

**Subsidiary Books** are special journals used to record specific types of transactions to reduce the work of the journal.

- **Cash Book** — Cash transactions
- **Purchases Book** — Credit purchases
- **Sales Book** — Credit sales
- **Purchases Return Book** — Purchase returns
- **Sales Return Book** — Sales returns
- **Journal Proper** — Other transactions

## 10. Trial Balance

---

### 10.1 What is Trial Balance?

**Trial Balance** is a statement that shows the debit and credit balances of all ledger accounts. It is prepared to verify the arithmetical accuracy of the books.

**Definition:** "Trial Balance is a statement of all the debit and credit balances of all accounts in the ledger."

### 10.2 Objectives of Trial Balance

| Objective                     | Description                             |
|-------------------------------|-----------------------------------------|
| <b>Check Accuracy</b>         | Verifies arithmetical accuracy of books |
| <b>Locate Errors</b>          | Helps in locating errors                |
| <b>Prepare Final Accounts</b> | Basis for preparing final accounts      |
| <b>Summarize Information</b>  | Summarizes all account balances         |

### 10.3 Trial Balance Format

| Particulars  | Debit (₹)  | Credit (₹) |
|--------------|------------|------------|
|              |            |            |
| <b>Total</b> | <b>XXX</b> | <b>XXX</b> |

## 10.4 Types of Errors

### Errors Disclosed by Trial Balance:

- Wrong Posting
- Wrong Totals
- Omission to Post
- Wrong Balance

### Errors Not Disclosed by Trial Balance:

- Complete Omission
- Wrong Recording
- Compensating Errors
- Principle Errors

## 10.5 Rectification of Errors

| Step     | Description                  |
|----------|------------------------------|
| <b>1</b> | Identify the error           |
| <b>2</b> | Determine the correct entry  |
| <b>3</b> | Pass the rectification entry |

**Example:** Purchased goods from Rahul for ₹10,000 but posted as ₹1,000.

### Rectification Entry:

```
Purchases A/c Dr. 9,000
    To Rahul A/c 9,000
```

## Questions

---

### Short Answer Questions (2-5 Marks)

1. What is accounting? Define it.
2. What are the objectives of accounting?
3. What are accounting concepts?
4. What are accounting conventions?
5. What is the double entry system?
6. What is a journal?
7. What is a ledger?
8. What is a cash book?
9. What is a trial balance?
10. What are the types of errors?

### Long Answer Questions (10 Marks)

1. Explain accounting principles, concepts, and conventions.
2. Explain the double entry system with rules of debit and credit.
3. Explain the process of journalizing with examples.
4. Explain ledger and its types.
5. Explain trial balance and rectification of errors.

### Practice Questions

| Q.No. | Transaction                          |
|-------|--------------------------------------|
| 1     | Started business with cash ₹2,00,000 |
| 2     | Purchased goods for cash ₹30,000     |
| 3     | Sold goods for cash ₹25,000          |
| 4     | Purchased goods from Rajesh ₹40,000  |
| 5     | Sold goods to Suresh ₹35,000         |
| 6     | Paid rent ₹5,000                     |

|    |                                        |
|----|----------------------------------------|
| 7  | Received cash from Suresh ₹35,000      |
| 8  | Paid salary ₹8,000                     |
| 9  | Withdrew cash for personal use ₹10,000 |
| 10 | Paid to Rajesh ₹40,000                 |

### Objective Questions (1 Mark)

1. The father of modern accounting is: (a) Luca Pacioli (b) Aristotle (c) Plato (d) None
2. Assets = Liabilities + Capital is: (a) Accounting Equation (b) Trial Balance (c) Balance Sheet (d) None
3. Goods purchased for cash: (a) Cash A/c Dr. (b) Purchases A/c Dr. (c) Sales A/c Dr. (d) None
4. The book of original entry is: (a) Journal (b) Ledger (c) Trial Balance (d) Cash Book
5. Trial Balance verifies: (a) Arithmetical accuracy (b) Conceptual accuracy (c) Both (d) None

# QUICK REVISION

## Golden Rules of Debit and Credit

Personal A/c : Debit the Receiver, Credit the Giver  
Real A/c : Debit what comes in, Credit what goes out  
Nominal A/c : Debit expenses & losses, Credit income & gains

## Journal Entry Format

Date | Particulars | L.F. | Debit (₹) | Credit (₹)

## Key Accounting Concepts

| Concept           | Summary                             |
|-------------------|-------------------------------------|
| Business Entity   | Business separate from owner        |
| Money Measurement | Only monetary transactions recorded |
| Going Concern     | Business continues indefinitely     |
| Accounting Period | Periodic reporting                  |
| Cost Concept      | Assets recorded at cost             |
| Dual Aspect       | Debit = Credit                      |
| Realization       | Revenue when earned                 |
| Matching          | Match expenses with revenues        |
| Accrual           | Record when incurred                |
| Consistency       | Same methods each year              |

|                 |                                   |
|-----------------|-----------------------------------|
| Conservatism    | Anticipate losses, ignore profits |
| Materiality     | Disclose material items           |
| Full Disclosure | Disclose all relevant info        |

### **End of Unit-I Notes**
